

Learning Begins with Freedom!

HIGH SCHOOLERS: Ready for Something Radically Different
For Your Education & Life? *We Can Help!*

✚ Offering students flexibility & freedom of choice to decide:

- What they want to study
- How they will learn
- Their own time frame for learning

✚ Student-friendly and creative courses and curriculum, and one-on one contact with educators who care about you

✚ Washington State approved and nationally accredited K-12 private school; non-attendance-based homeschool extension programs

✚ In session year-around - enroll at any time and begin experiencing “Free Range Learning” - Earn high school credits for recreational activities, individual sports and hobbies, artistic talents, work experience, community participation and service, among many other possibilities

✚ HSPE, Culminating/Senior Project *Not Required for Graduation!*

✚ Already have 19 or more high school credits? *You may be qualified to graduate immediately.* Contact us.

Our programs are specifically designed to serve a wide variety of young people who may have widely varying reasons for seeking options for their education and lives. While providing “education with a difference” since 1981, we have consistently seen our approach produce higher levels of self-esteem, self-confidence, and self-reliance, resulting in happier children and young adults.
